SPECIAL OFFERINGMATURE PLANTS OF CATTLEYA SPECIES

These plants are well established in 5" to 8" pots. The price is determined by the size and weight of the plant, together with the number of new leads that are growing. Minimum standards are as follows:

Small -----	5 to 7 Bulbs and Leaves
Medium -----	6 to 8 " " "
Large -----	7 to 10 " " "

Prices are F.O.B. Chattanooga. Plants will be shipped by Railway Express unless otherwise directed.

	<u>PLANT SIZE</u>	<u>PRICE</u>
<u>CATTLEYA TRIANAE</u>	Small	\$5.00
	Medium	7.50
	Large	10.00

Normal blooming season is December through February. The flowers have light lavender petals and sepals and a dark lavender lip. One of the better known species.

<u>CATTLEYA SCHRODERAE</u>	Small	5.00
	Medium	7.50
	Large	10.00

Normal blooming season is February through April. The flowers are of varying shades of pink with a bright yellow throat. Although the blooms are not as large as those of C. Trianae, this genera is floriferous and will usually average three or more flowers per spike.
